

# Passport to Business Solutions

2015 FINRA Annual Conference

Visit at least  
30 exhibitors...

Yeah?

...and receive a  
special gift!

# How to Use Your Passport

1. Bring the passport with you when visiting the exhibitors on level 4.

2. Collect stamps from each exhibitor you visit.

3. Submit the last page with at least 30 stamps at the conference registration desk.

4. Receive a special gift.

---

**Disclaimer:** Use of any products, services and/or materials offered by these exhibitors does not ensure compliance with regulatory requirements or create a safe harbor from regulatory responsibility. FINRA does not endorse these exhibitors or the products, services and/or materials they offer, and firms are not obligated to use them.

## ACA Compliance Group

[www.acacompliancegroup.com](http://www.acacompliancegroup.com)

ACA Compliance Group is a leading provider of regulatory compliance products and solutions, cybersecurity and risk assessments, performance services, and technology solutions to regional, national and global firms in the financial services industry. With offices worldwide, ACA clients include leading broker-dealers, investment advisers, private fund managers, commodity trading advisers and investment companies.

## Actiance, Inc.

[www.actiance.com](http://www.actiance.com)

Actiance provides a platform that helps firms meet their regulatory requirements by controlling, capturing, archiving and making e-discoverable all forms of electronic communications (email, unified communications, instant messages, collaboration tools and social media). With more than 1,600 clients, three out of four people working in financial services in North America work for a firm with an Actiance solution.

## BasisCode Compliance

[www.basiscode.com](http://www.basiscode.com)

BasisCode Compliance is an enterprise, compliance and audit platform that offers broker-dealers an integrated suite of multiple rule-based compliance functions. Centralized and intuitive, our solutions span functionality, from testing and risk assessment to personal trading and certifications—all within a unified solution—enhancing compliance controls and decision-making to safeguard your firm and clients. Our software increases process visibility and policy management control while decreasing the time spent managing tasks manually.

## Bloomberg Vault

[www.bloomberg.com/vault](http://www.bloomberg.com/vault)

Enterprises are struggling to manage a rapidly growing amount of unstructured data that complicates compliance, surveillance and data management. Bloomberg Vault provides an end-to-end, cloud-based, secure hosted information-governance and information-analytics platform that helps you manage this unstructured data while helping to consolidate your compliance, legal and data-management processes.

**BLOOMBERG VAULT**

## **Business Information Group (BIG)**

[www.bigreport.com](http://www.bigreport.com)

Business Information Group, Inc. (BIG), a vendor in FINRA's Compliance Resource Provider program, offers background check and screening services to firms, including national searches of reasonably available public records. Our Disclosure Monitoring Services also allow firms to periodically screen employees and registered representatives to identify changes to credit history or criminal records. We also offer discounted rates to FINRA-registered firms on Livescan fingerprinting through our nationwide network of collection sites.

## **CellTrust**

[www.celltrust.com](http://www.celltrust.com)

CellTrust is a global leader in collaborative secure mobile communication with tracing and archiving capabilities and mobile aggregation across 200+ countries and over 800 carriers and mobile operators. CellTrust SecureLine archives and protects mobile communication content supporting enterprise mobile collaboration, eDiscovery and major global regulatory compliance for financial services, government and healthcare.

## CFM Partners, Inc.

[www.cfmpartners.com](http://www.cfmpartners.com)

CFM Partners, Inc. is a governance, risk and compliance company based in Washington, DC. As a knowledge-based company, we understand the securities industry, its regulatory environment and the importance of putting the right information into the right hands at the right time. From robust policy management to comprehensive education programs, we combine our industry and compliance expertise with innovative technology to deliver smart solutions for effective compliance program management.

# CFMPartners

## Charles Schwab

[www.scrs.schwab.com](http://www.scrs.schwab.com)

Compliance Solutions' employee-monitoring offer includes Schwab Designated Brokerage Services, Schwab Compliance Technologies™ and a wide range of financial products and services for employees. These solutions can help you proactively manage compliance, promote a positive employee experience, build long-term value across your business and instill trust with clients.

## Compliance Science

[www.complysci.com](http://www.complysci.com)

Compliance Science provides governance, risk management and compliance solutions to the professional services community. Led by pioneers in the governance, risk management and compliance space, Compliance Science uses Web-based corporate compliance technology that leverages a robust data network and innovative forensic analytics to monitor employee risk, automate code of ethics compliance and safeguard material, non-public information. Clients include RIAs, broker-dealers, private equity firms, hedge funds, law firms, banks, pension plans, public companies and other professional services firms—all who rely upon Compliance Science to help protect them from the specter of reputational damage and revenue loss from non-compliant activities.

## Digital Reasoning

[www.digitalreasoning.com](http://www.digitalreasoning.com)

Digital Reasoning's machine learning-based analytics platform, Synthesys, helps financial institutions monitor their electronic communications and accelerates detection of suspicious activity, while reducing the cost of subsequent investigations. From alerts that identify trading abuse, money laundering and fraud, to dashboards that keep an eye on conduct risk and market manipulation, Digital Reasoning proactively connects the dots within big data to quickly and accurately detect communications that impact reputational and regulatory risk, while significantly reducing overall operational and compliance costs.

## Docupace Technologies | Silver-Level Exhibitor

[www.docupace.com](http://www.docupace.com)

Docupace Technologies is a premier provider of ultra-secure electronic financial services processing solutions. Designed to streamline business processes and facilitate increased compliance, Docupace's ePACS® Straight-thru-Processing platform is utilized by firms of all sizes—from boutique broker-dealers to Fortune 500 companies. Driven by heightened levels of competition, privacy issues, cybersecurity and government regulation, industry-leading firms and advisers are adopting the company's solutions in order to improve profitability and mitigate risk.

## DST

[www.dstmarketservices.com](http://www.dstmarketservices.com)

DST provides solutions to help firms comply with FINRA requirements such as consolidated reporting, suitability and KYC. DST also provides full-service clearing services for independent broker-dealers looking to grow their firm's business, and has tailored sub-accounting solutions that eliminate barriers for smaller firms. DST is a leading third-party provider of mutual recordkeeping services, with leading solutions in customer communications, business process management, enterprise workflow automation and home office oversight and risk controls. Clearing services provided by DST Market Services LLC.

## Egnyte

[www.egnyte.com](http://www.egnyte.com)

Egnyte provides Adaptive Enterprise File Services that uniquely anticipate information technology and end-users' needs to securely, easily and intelligently share files on premises and in the cloud. Egnyte's award-winning platform integrates with any cloud, storage, device and business application to enable customers to optimize their collaboration environments through secure access, centralized control and unified visibility.

## ELM Solutions

[www.wkelmsolutions.com](http://www.wkelmsolutions.com)

ELM Solutions, a Wolters Kluwer business, is a market leader in transformational, technology-based solutions for legal, compliance and risk management. Passport® GRC, a modular solution built on the Passport® technology platform, provides a comprehensive framework to support integrated governance, risk management and compliance programs. The Passport GRC Module provides the tools and automation to help broker-dealer firms meet FINRA's requirements in their efforts to comply with FINRA Rule 4530.

## Erado
