To whom it may concern:

I run a systematic quarterly rebalancing plan that utilizes leveraged ETF's. The proper use of these products is a key part of my financial plan.

These funds are important to me and I understand how to use them. They improve my performance over the long term. I am not engaging in reckless trading.

I do not want a 3rd party evaluating my capability to manage these funds, nor do I need to be prevented from buying them.

These funds should not be restricted to the very wealthy to use.

Please keep these leveraged funds available to all investors.

Thank you for your time and consideration,

Harry Douglas
